Additional Terms and Conditions:

Unless alternative terms have been agreed upon by Danao, the following conditions apply to all orders: Production will commence upon receipt of the required deposit, unless other arrangements have been made in advance, and no returns, refunds, or changes will be accepted once production has begun. All prices are subject to change due to applicable tariffs, duties, taxes, and any government-imposed fees as determined by current law and governmental policy, and any surcharges associated with these fees—whether for imported or domestically produced components—will be applied at the prevailing rate prior to shipment. Freight quotes are valid for 30 days, and for orders with longer lead times, freight charges may be reevaluated and updated on the final invoice to reflect current shipping rate fluctuations. Payment of this invoice constitutes acceptance of these terms.
